

**CSCI 194, Freshman Seminar, Fall 2019**

**Assignment 5, Resume is Accepted by Career Services, by Nov. 20**

Sarah Raymond and the staff at Career Services have a lot of experience working with employers, students and resumes. They look over each resume which is uploaded to Digger Recruiting. In some cases, they provide feedback about that resume. If they have feedback about your resume, they will send you an email and ask you to go to Career Services, pick up the email, update your resume, if appropriate, and re-upload it.

This assignment is for you to iterate as many times as is necessary, to have Career Services accept your resume. Some of you will not receive feedback from Career Services, so you don't need to do anything for this assignment. Others may need to iterate several times.

You do not need to turn in anything for this assignment.
