

CSCI 255 – Intro to Embedded Systems
Homework #10
Fall 2013

Work must be done individually

Due: **11/8/2013** by **11:59PM** to dvalles@mtech.edu

Program Lab 4 (Save the Island...again) in C. Submit your program to email by due day and time. Make sure that your program is working on the board. You will be graded in how the code runs to the instructor's board and setup of LEDs and buzzer (Same as Lab 3 part 3). Comments are required.
